Every dungeon delivers wet pursuit of life, death and treasure!
Move around the city with complete game flexibility, and resolve actions on the fly.
Fantasy Grounds version 3.0 support.
Questive c content based on a new modular system.
Goal based gameplay in a logical order for more immersive game play.
Templar and Dragon themed plans, creating dungeons, dungeons, and dungeons again!
Modern fully animated tiles and rooms that make each zone unique.
Sequence events that progress your heroes further into the dungeon.
User friendly interface for writing your own plans.
Easy auto-generation of plans for you to play with your DM.
Graphical dice rolling for every player in the game.
Play table view to see your entire adventure.
No wizardly apprentices or steadfast allies in this game, instead there is shopping, fast traveling, fighting, gambling, drunkenness, wandering, and a floating man with a caravan of carts filled with animated tiles!

This game requires 4GB of free RAM when launched and requires a 64-bit operating system. What can I do with Fantasy Grounds? Introducing the best FREE Dungeons & Dragons (4e) Game! Waterdeep: Dungeon of the Mad Mage is free-to-play, the latest installment in our popular Waterdeep series, available to download in a variety of formats from the US\$14.99 tier. This latest product combines the high resolution graphics and cinematic movie of our Waterdeep products with our classic RPG Waterdeep: City of Splendors experience, giving it a unique feel while retaining the classic dungeon crawling feel of the landmark Waterdeep City of Splendors product. Dungeon crawling has never felt so good! Our latest Dungeon crawler is loaded with a host of amazing features:

- Easy-to-use Interface that makes the creation and playing of adventures a breeze
- Create a scenario with any of the popular adventure modules and drive your heroes through any number of plots to explore the mysterious-looking city of Waterdeep
- An assortment of monsters and traps
