Clicca qui When I click on the button, the on click handler is not fired. In Firebug the js code is ok. Why? A: Your script tag comes before the HTML tag. Move your script tag to the bottom of the page: // Your code here // HTML DOM after script tag A: Be sure that it is included after JQuery Library. In your case, it is included before jQuery Library. \$("button").button(); Clicca qui The Girls (novel) The Girls is a crime novel by the American writer Dennis Lehane. It is the thirteenth book in the Irish-American private investigator Matt Scudder series, which began with DescendingPleasures (2010). The book was released on June 11, 2016 by Mulholland Books. Plot summary This novel is a noir-inspired crime novel about addiction to heroin and the resulting consequences; focusing on a high-powered private investigator who is based in Miami, a city known to have a high percent of heroin addicts. He also investigates crimes in Cuba on the side. His character is Sc
