must be 8 byte aligned The file seems to be corrupted but the best I can do is reinstall the program.  
Is there any way to fix this issue other than reinstalling the software? A: As there was a problem with  
the main program and not the updates, I would not recommend reinstalling Stylus RMX. Here are  
some troubleshooting steps which may help you investigate and fix the problem. Are you able to  
download your file from Stylus RMX main site? If yes, open it, cancel the update process and re-  
download again. Then open the library again. If the issue persists, try opening the main program and  
find the issue. And save the output from the error you were getting into the omnisource.txt file and  
share it here. Current and future applications of flow cytometry in food safety and biotechnology.  
Flow cytometry (FCM) is a unique analytical tool that can be applied to both qualitative and  
quantitative measurements. It is powerful, easy to use and cost-effective. In addition, there are  
extensive applications of flow cytometry in a wide range of fields, such as cell sorting, particle sizing,  
pathogen detection, nutrient uptake determination, quality control for food and pharmaceutical  
industries,
