Q & A Dear Paul, Sure, it's obvious, but for the record, the Midwest and Northeast are also the cheapest places in the Midwest and Northeast. Construction costs, along with salaries, have soared in Wisconsin, Michigan and Illinois, the cheap shovel-ready states. Despite blustery charges of price-gouging, the federal intervention that shifted much of the cost of government onto the private sector in the mid-2000s has allowed most states to stay competitive. But that's not to say that their housing market is without risks. "Still, housing market risks -- from excessively low interest rates to rising home prices to tightening credit standards -- abound," says Lindsey Pounds of Mortgage News Daily, a trade publication. The long-term trends are favorable: Incomes are rising, sales are solid, and home ownership has held steady as a share of U.S. households. Housing is a major
