
Sims 4 Nude In Cas Modl UPDATED

[Download](#)

Sep 5, 2017 - Is there any mod that lets you see your Sim naked in CAS? And which gives you the ability to see which of the sims. In CAS there is no way to make a sim naked, or even just in his underwear. Sims always wear certain clothes, no matter what you're doing: whether it's in town, in the house, in the theater, in a restaurant. There is a mod that shows which of the sims are wearing what clothes, but it only works in the game and does not allow you to see the sims in their underwear. Maybe someone knows if there is an option in CAS to make sims naked?
